

# VTM

## Viral Transport Media

The ongoing Corona pandemic has led to worldwide shortages of needed test supplies. One of them are Viral Transport Media (VTM). These media are necessary for the transport of test swabs taken from Covid-19 suspects. PAN-Biotech with its over 30 years of experience in manufacturing cell culture media can provide the right solutions for this demand.

### PAN VTM HBSS

- Validated and CE-marked viral transport medium
- Flexibility in transport temperature: from 2 – 25°C
- Suppresses bacterial and fungal contamination
- Phenol red pH indicator indicates medium integrity at the time of specimen collection
- Suitable for further test processing by PCR

Different formats available:

#### PAN VTM HBSS 1L (No. P04-01754)

- ✓ Suitable format for further manufacturing

#### PAN VTM HBSS 50 x 3 ml vial rack (No. P04-01753)

- ✓ Ready-to-use format
- ✓ Delivered in convenient easy-to-handle rack
- ✓ DNase/RNase free vials for maximum security

#### PAN VTM HBSS Kit 1 x 3 ml vial + 1 swab (No. P04-01753K)

- ✓ Complete Kit
- ✓ 1 vial VTM + 1 High quality swab (Copan) single packed

### Also available

PAN VTM Veal (according WHO)  
PAN VTM MEM (according WHO)

### On request

PAN VTM CDC (according US CDC)

Produced by PAN-Biotech under ISO 9001 and ISO 13485 (Medical Devices) quality standard.
