Cat. No. P04-96605 50 ml
Cat. No. P04-96650 500 ml

Phone: +49 (0) 8543 6016 -30
Online Order at: www.pan-biotech.de

Key Product Features

- ✓ **Reproducible results**
- ✓ **Defined formulation**
- ✓ **Reduced animal components**
- ✓ **Ready-to-use (same application as FBS)**
- ✓ **Versatile application potential**
- ✓ **High reliability and stable pricing**

Great performance

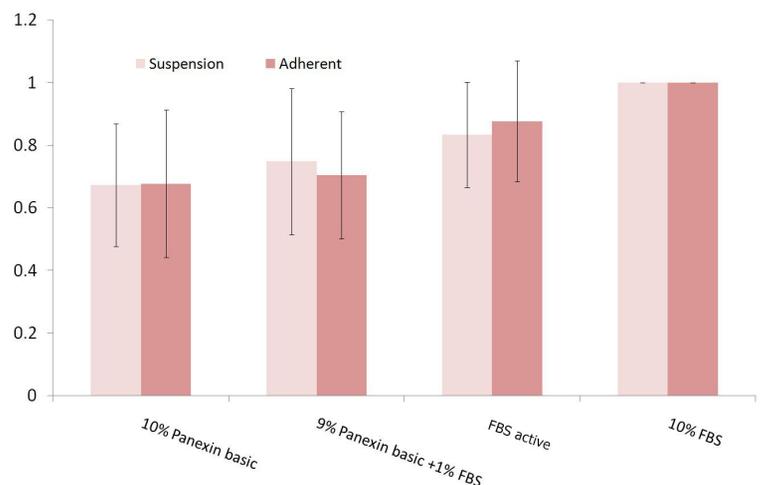

Figure 1: The performance of FBS active compared to FBS and Panexin basic. The performance of FBS with a standard concentration of 10% in DMEM was evaluated by cell growth and defined as 100 % (10 % FBS active), 90% (9% Panexin basic + 1% FBS) and 100% (10% Panexin basic) were replaced by fully defined serum replacement Panexin basic (P04-96950).
